SILVERTON SHERIFF SHOT & NEW YELLOW ROSE OF TEXAS

The Great Train Chase continues -

Sad news from Texass folks, the salubrious Silverton Sheriff lies shot on the ground as we go to print in the Texass town of Black Rock. We jest got the exclusive photo showin' him laid out cold by the DW flatcar!

Pianoman's bin playin' mortuary tunes & song like "The vultures are circling" & "Dem bones dem bones".

The Outlaw's claimin' another notch fer his sixguns pearl handle & the two trains are stuck in town with celebrations a-hap'nin.

The whore'll county have turned out to welcome Madam Lash! She is all overcome by this explosion of ejockulation & it's the Governor, Peco's Smush who's leadin' the welcoming committee of diggernaterrys.

Seems the Govenor has had the pleasure of Madam before & he's to best-toes this onher's upon her by pronouncin' her the "New Yellow Rose of Texass", a proud onher indeed!

But wot about the Sheriff?

Barkeep went over to take a closer look & Spike was lookin nervous sittin' on the end of the flatcar with Madam lookin' down. Then Barkeep saw it. The jug of Red Mountain Sour-mash beside the Sheriff. He ain't deed, he'z snozzled & still breedin' so he'z gonna have one hell-of-a hangover when he wakes up! Phew, the undertakers had bin summoned & the mortician said he didn't need embalmin' coor's he was full of anti-rust. Oh we'z all so glad he'z gana be OK. But the Outlaw is left red-faced again.

Sez Outlaw, "Dat Spikes to blame, his sour-mash dun shot der sheriff before eyes cood fire a bullet". The humiliation was too much & he got back in the family Cadillac with Kid Durango, Granny & Emmy Loo.

PURGATORY & DEVIL RIVER RAILROAD

DISSERVICE TO THE HIGH COUNTRY

The injuns went to git serviced leavin' the two flatcars on the Haste Bros Glue Factory spur. Spike continued trading with Chief Suntraxx & daughter Minidekoda - the new *FIREWATER* is heaps big on flavor!

Toyman was leanin' against the glue factory door with the Mayor: they had bin into town & run into a hobby shop that had bin dynamited.

Brewer was mumblin' sumtin'bout a accident on a banister & looking at the "Fourteener" tryin' to figure out if he could get his Blackstone to pull it & the Mayor was sweating beads of DW at the thought!

Outlaw, are you sure these fancy dress outfits will git us into Madam's place for a free-bee ?

Inspector checked his watch & sez it will be high-noon before Sheriff wakes up so him & the Professor went into the Glue factory where they had a fridge full of "weed" to share.

Scoop & Outlaw got into fireman's & conductor's outfits - Scoop wanted know wot Outlaw did behind the scenes?

a to

Sparky connected up the microphone & broadcast back home about the wunderfool news about Madam getting the award from the Gov'nor & he had some breaking news - Yis'iree, a telegram had arrived and it was from overseas too & address to the Silverton gang from nun udder that Her Migestee the Queen of Pommiland. Passage had bin booked & two narrow gauge locos & the Fourteener nugget along with all dem Gold-Top DW & a car full of Red Mountain Sour-Mash were to be taken abroad.

A Grande Ball & more celebrations were planned at Buckingwhores Palace but the Gov'nor insisted they behave & that a truce was imposed upon dem all as they were to be ambassadors of the United States of America & be of most pleasure to the pom's but not to give the secret recipe of the fabulous fluids - just give em Cornel Sanders Chicken Reciepe of herbs & spices wood be enuff.

So our gang is to be on dare breast behavior for a time until they reach the shores of warm beer and gravy.

They better watch out tho, that queenie is no mug when it comes to shoot-outs & will be packin'. Snappy has loaded his camera box with plenty of glass plates to shoot. Scoop got a dozen sharp pencils and a new notepad to record the adventures ahead. Whoop-de-do, this great train chase is certainly goin' places & havin' lots of fun hey? But why does olde Lizzy want to see our gang about you might ask? Hmmm Of coor's ! - she's herd about the Outlaw's reputation & is a lover of pirates who once worked for the family but she has a fancynation with gold & wants to check out the "rock" fer herself.

Will the Silverton gang get shipwrecked? Can everyone swim, do they know breaststroke? Do they have a fridge to keep the beer cold onboard S.S.Durango? Will Madam get seasick and have to spend the whore'll voyage in bed? And will our gang be Technicolor yawning all the way across the Atlantic?

Well you orta know wot comes nixt because, dares always sumtin' hapnin' in Silverton see!

Oh dares more adventures to follow . . .
